MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Report of School of Intelligence and
World Affairs No. 32, 6 - 12 August 1971COURSE ACTIVITIES1. Intelligence and World Affairs

25X1A The final day of the IWA on 6 August, featuring [] and
[] provided a fitting climax. Both speakers have been
invited back for the closing day of the next course, 1 October.

25X1A

25X1A On 11 August, [] met with [] of
the Operations School to evaluate SIWA, Ops School, and student reactions
to the course. As a whole, it was quite well received. Well over 75%
of the students said that the course met its objectives quite well. []
25X1A [] have already taken care of immediate changes
that appear necessary.

We were delighted to receive the DTR's opinion that the class was too large. Although more informality and student participation developed than might have been anticipated, a smaller group would be more desirable. Future enrollments will be limited to 50 students.

2. Advanced Intelligence Seminar

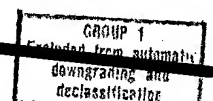

We have received a gratifying number of applications for the forthcoming AIS and it appears we will have appropriate representation from all major Agency components.

For the second week, which will deal with US Foreign Policy in a Changing World, we have made more room for participation by policy planners from both State and the NSC staff. We also hope to have some name newspaper men to help describe the national scene and the role of public media.

To spread the benefits of one of our key speakers -- Dr. []
-- we have arranged to have him hold forth before a larger audience in the auditorium on September 15, between 0900 and 1100. Dr. [] will
then go into closed session with the class until noon.
